SIAS Group - Status of the Concession Agreements

Concessionaires	Status of concession agreements
SATAP (A4/A21) ATIVA	} Effective since June 2008 (Law # 101/08)
ASTI-CUNEO	Effective since Feb 2008
ADF, SALT, SAV CISA	} Signed on Sept. 2009 and approved by Law # 191/09 Signed on March 2010 and approved by Law # 78/10 Effective since November 12, 2010 ⁽¹⁾

(1) Concession Agreements have been enforced following the signing of the “appendices” regarding the CIPE's requirements.

SIAS Group - Toll Formulas

- The annual tariff adjustments, applicable from the 1st January of each year, are determined in accordance with **clear formulas, that give visibility to future tariff increases**, as shown in the table below

Concessionaires	Tariff formula
Companies which requested a "re-alignment" of the financial plan ⁽¹⁾	
SATAP (A4 and A21) ⁽³⁾	$\Delta T = \Delta P - X_r + K + \beta \Delta Q$
SAV ⁽⁴⁾	$\Delta T = 70\% * CPI + X_r + K$
CISA ⁽⁴⁾	$\Delta T = 70\% * CPI + X_r + K$
Companies which requested a "confirmation" of the financial plan ⁽²⁾	
ATIVA	$\Delta T = \Delta P - X_p + K + \beta \Delta Q$
SALT ⁽⁴⁾	$\Delta T = 70\% * CPI + K$
ADF ⁽⁴⁾	$\Delta T = 70\% * CPI + K$

(1) These companies are allowed to a remuneration both for excess investments made in the previous 5-year regulatory period and for new investments

(2) These companies are allowed to a remuneration only for new investments

(3) X_r is a negative factor and as consequence its inclusion in the formula causes an increase of the tariff

(4) These companies requested the "simplified tariffs formula", which includes in the tariff a fixed percentage of the real inflation, equal to 70%

ΔT is the annual increase in tariffs

ΔP is the annual rate of projected inflation in Italy established in the Government's economic and financial plan

X_r is determined every 5 years to remunerate the excess investments (if any) made in the previous regulatory period

K is determined every year to remunerate the investments performed during the previous year

X_p is the productivity (or efficiency) factor

CPI represents the actual rate of inflation for the previous 12 months as measured by ISTAT

$\beta \Delta Q$ is the quality factor (related to the status of road surface and the accident rate)

- Re-offer yield: : 4.61
- Re-offer spread : MS+188 bps
- Listing : Irish Stock Exchange

Geographical breakdown (allocated)

Investor type breakdown (allocated)

SIAS Group - EMTN - € 0.5 bn bond issue

Issue Structure:

the notes envisage a senior secured format as they benefit from a security interest (pledge) over the intercompany loans that are used by SIAS to downstream the issue proceeds to its operating subsidiaries. Under this structure, the secured notes effectively rank “pari passu” with creditors at the operating levels thus avoiding structural subordination issue.

Use of proceeds:

Cash arising from the bond issue has been allocated – through intercompany loans – to SATAP (€ 50m) and to SALT (€ 450m) for financing the investment plans.

CLOSING REMARKS

Operations

- Traffic relatively resilient to economic slowdown
- Motorway stretches located in some of the wealthiest and most economically active areas in Italy
- Flexibility and control on the execution for the capex plan due to works awarded to Group's construction companies

Regulation

- Reliable regulatory framework: recent renewal of the concession agreements with clear and supportive tariff formulas

Strategy

- Focus on the motorway sector (mainly in Italy)⁽¹⁾
- Selective foreign investments (i) in countries with solid and supportive regulatory frameworks and/or high growth potential (co-investing with other partners to limit risks) and (ii) with limited equity commitment

Financial Strategy

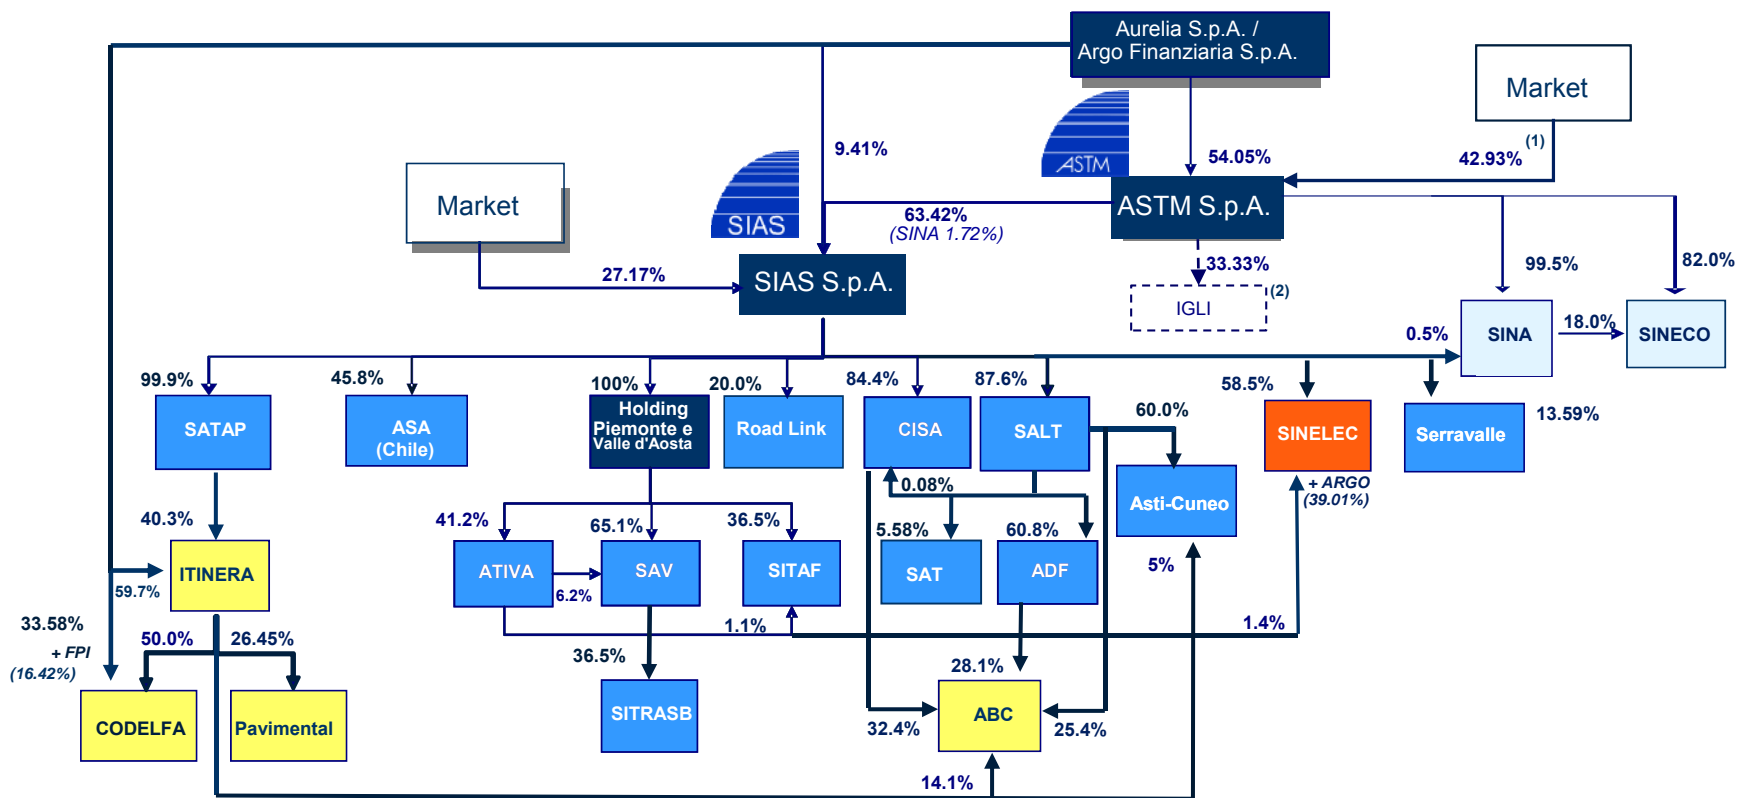

- Access to well diversified sources of funding (EIB, CDP, corporate bonds, banks)
- High financing capacity due to the balanced mix of mature concessionaires (with positive and stable cash flows) and developing concessionaires (with investments to be realised)
- Stable pay-out ratio of approx. 45/55% of the Group net consolidated profit

(1) The Group – *inter alia* – bid successfully for two Italian green field initiatives (i.e. "Pedemontana Piemontese" and "Broni-Mortara")

SIAS Group - Key Regulatory Protections

Pass-through

- In the event of tax or legislative changes with specific impact on the industry, tariffs are adjusted upwards by means of a pass-through mechanism to fully indemnify the concession operator

Early termination

- Contractual failures that can lead to revocation, withdrawal or termination of the concession agreements are expressly regulated

Indemnity ⁽¹⁾

- In case of early termination of the concession agreements, the concessionaire is entitled to receive an amount (a) determined in accordance with the provision of the relevant concession agreement (b) reduced by 10% by way of penalty plus damages (only in case of termination due to material breaches of their obligations by the concessionaires)

“Re-alignment of the financial plan”

- The financial plan contained in the concessions agreements needs to be updated every five years (“regulatory period”). In addition, ANAS or the concessionaires are entitled to request an “extraordinary review” of the financial plan in case of (i) *force majeure* and/or (ii) additional investments

(1) ATIVA and SALT have the right to receive an indemnity from the new concessionaires for any works executed and not yet amortized as at the expiry date of the relevant concession agreement (equal to € 101m for ATIVA and € 287m for SALT)

SIAS Group - Others Provisions

Penalties & sanctions

- The concessionaires may be required by ANAS to pay penalties and sanctions in case of material breach or default of certain obligations arising from the concessions agreements

Hand over requirements

- Upon the expiration date of each single concession, the relevant concessionaire is required to transfer the motorways and related infrastructure to ANAS without any compensation due to it and in a good state of repair. In any event, each concessionaire shall continue to manage the motorway infrastructure up to selection of a new concessionaire
